Are you looking for a little excitement? Something out of the ordinary? A foreign fling, if you will? Then look no further! An exotic adventure awaits—no passport required—just a corkscrew and a couple of glasses. Experience the pleasure of Argentina in every sip of our lush Malbec. Though it breaks our rule of three, it is a Ménage à Trois in style and substance—an indulgent, delicious dalliance in every way.

*Vineyard and Winemaking:*

A native of France, Malbec is one of the traditional blending grapes used to add oomph to Bordeaux blends. Once in the shadow of its more famous cousins, Merlot and Cabernet Sauvignon, Malbec finally found its true home—and the praise it deserves—in the warm, sunny climate of Argentina's famous Mendoza region where the varietal can reach its fullest potential. Here, the small, dark, juicy grapes express an intensity befitting their adopted home, which our winemakers translate beautifully in every bottle. Made in a lush, balanced style with jammy flavors kissed with a whisper of toasted oak, our Malbec will sweep you off your feet in a passionate embrace.
